**WE BUILD IT BETTER**

*With a passion for racing, Jim Greenheck, CTech Manufacturing President/ Owner, needed a quality storage solution when on the road with his drag car. Jim sought after his own design and built the first CTech cabinet. He took into consideration "MOBILE APPLICATION" when engineering the first CTech products and that still holds true to this day.*

*CTech was developed to be lighter, stronger, and of a higher quality than anything else available. By concentrating on product innovation and listening to our customers, we have maintained our reputation for being the most respected name in storage products!*

*These innovations have grown our product offerings to include all-aluminum carts, cabinets, drawers and tactical cabinets. These products cover a number of different industries which continue to evolve and grow with each request. Our products have been used in a variety of mobile and stationary applications.*

*CTech stays engaged with customers to deliver new and innovative solutions every day. From major race teams to global energy companies, our people, technology, and engineering practices allow us to continue this trend of innovation.*

## **WE BUILD IT BETTER**

**NO MATTER WHAT INDUSTRY  
WE GUARANTEE A SUPERIOR PRODUCT**

*CTech added 80,000 sq ft to its manufacturing facility in 2018 to better serve current customers and answer an increased demand for new business.*

# ECONO SERIES

CTech is known for premium aluminum cabinets designed for trailers, shops, and garages. The features and benefits associated with CTech cabinets are what set our quality apart; MotionLatch™ drawers and doors, extruded aluminum framework, lightweight construction, GasketLoc countertops, dual walled doors, etc. Our Econo Series cabinets have all those features at an entry level cost. These packages are perfect for any garage or trailer. Available in a pre-finished white aluminum versus our traditional powder coat finish is where you save.
