*Track Side Race Support, Mobile Workstations, Toolboxes, and MORE*

**WE BUILD IT BETTER**

**CTECH**  
**MANUFACTURING**  
**ALUMINUM CARTS, CABINETS & DRAWERS**

*With a passion for racing, Jim Greenheck, CTech Manufacturing President/ Owner, needed a quality storage solution when on the road with his drag car. Jim sought after his own design and built the first CTech cabinet. He took into consideration "MOBILE APPLICATION" when engineering the first CTech products and that still holds true to this day.*

*CTech was developed to be lighter, stronger, and of a higher quality than anything else available. By concentrating on product innovation and listening to our customers, we have maintained our reputation for being the most respected name in storage products!*

*These innovations have grown our product offerings to include all-aluminum carts, cabinets, drawers and tactical cabinets. These products cover a number of different industries which continue to evolve and grow with each request. Our products have been used in a variety of mobile and stationary applications.*

*CTech stays engaged with customers to deliver new and innovative solutions every day. From major race teams to global energy companies, our people, technology, and engineering practices allow us to continue this trend of innovation.*

## **WE BUILD IT BETTER**

**NO MATTER WHAT INDUSTRY  
WE GUARANTEE A SUPERIOR PRODUCT**

*CTech added 80,000 sq ft to its manufacturing facility in 2018 to better serve current customers and answer an increased demand for new business.*

# PRO SERIES CARTS

All Pro Series carts offer dual-sided storage and chassis storage, while the Crew Chief cart features an additional option to enclose that work surface. The design of the cart opens it to an array of add-on accessories making it very popular in the racing industry. All MotionLatch™ drawers and shelves are equipped with heavy duty liners and are rated for 250lbs. MotionLatch™ doors offer easy access storage. Available in 12 standard powder coat colors, many standard configurations, and many customizable add-ons to make one all your own.

## TWIN PLATFORM JR TRANSPORTER

BMW of North America

BMW of North America

- 2 Jr Tranporter Carts designed to be mirror images of each other. This is the perfect setup for multiple-car teams.
- Available with an optional connection deck, which connects the 2 carts for a more convenient twin deck setup.

OPTIONAL  
CONNECTION  
DECK

"We chose CTECH's twin cart setup because of the diversity the carts offer. This setup is the answer for any 2 car team. The carts can be joined together or used independently. The media deck allows multi-level viewing for sponsors and team owners. With top quality in design and construction CTECH carts are easily transported and moved in and out of the pit."

Race Day Canopy

Display Rack and Shelving

Canopy Monitor Mount

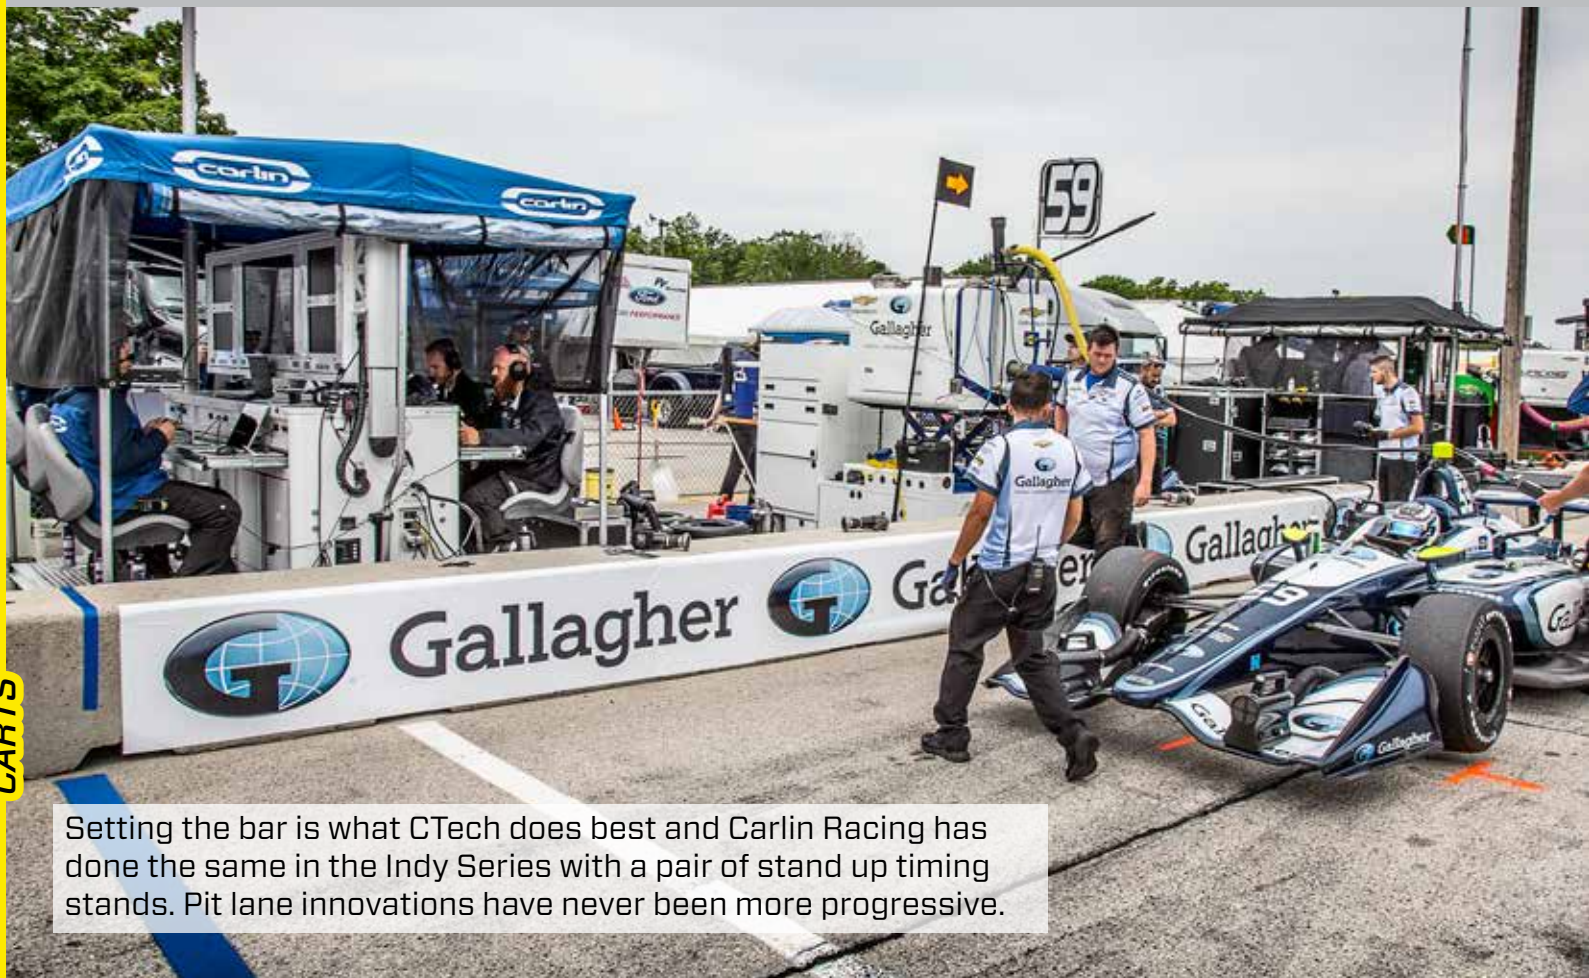

CTech is no stranger to pit row at any event. CORE Autosports has an attractive pit setup utilizing a Jr. Transporter and Fuel Cart for their race day storage needs.

## RACING CARTS

Setting the bar is what CTech does best and Carlin Racing has done the same in the Indy Series with a pair of stand up timing stands. Pit lane innovations have never been more progressive.

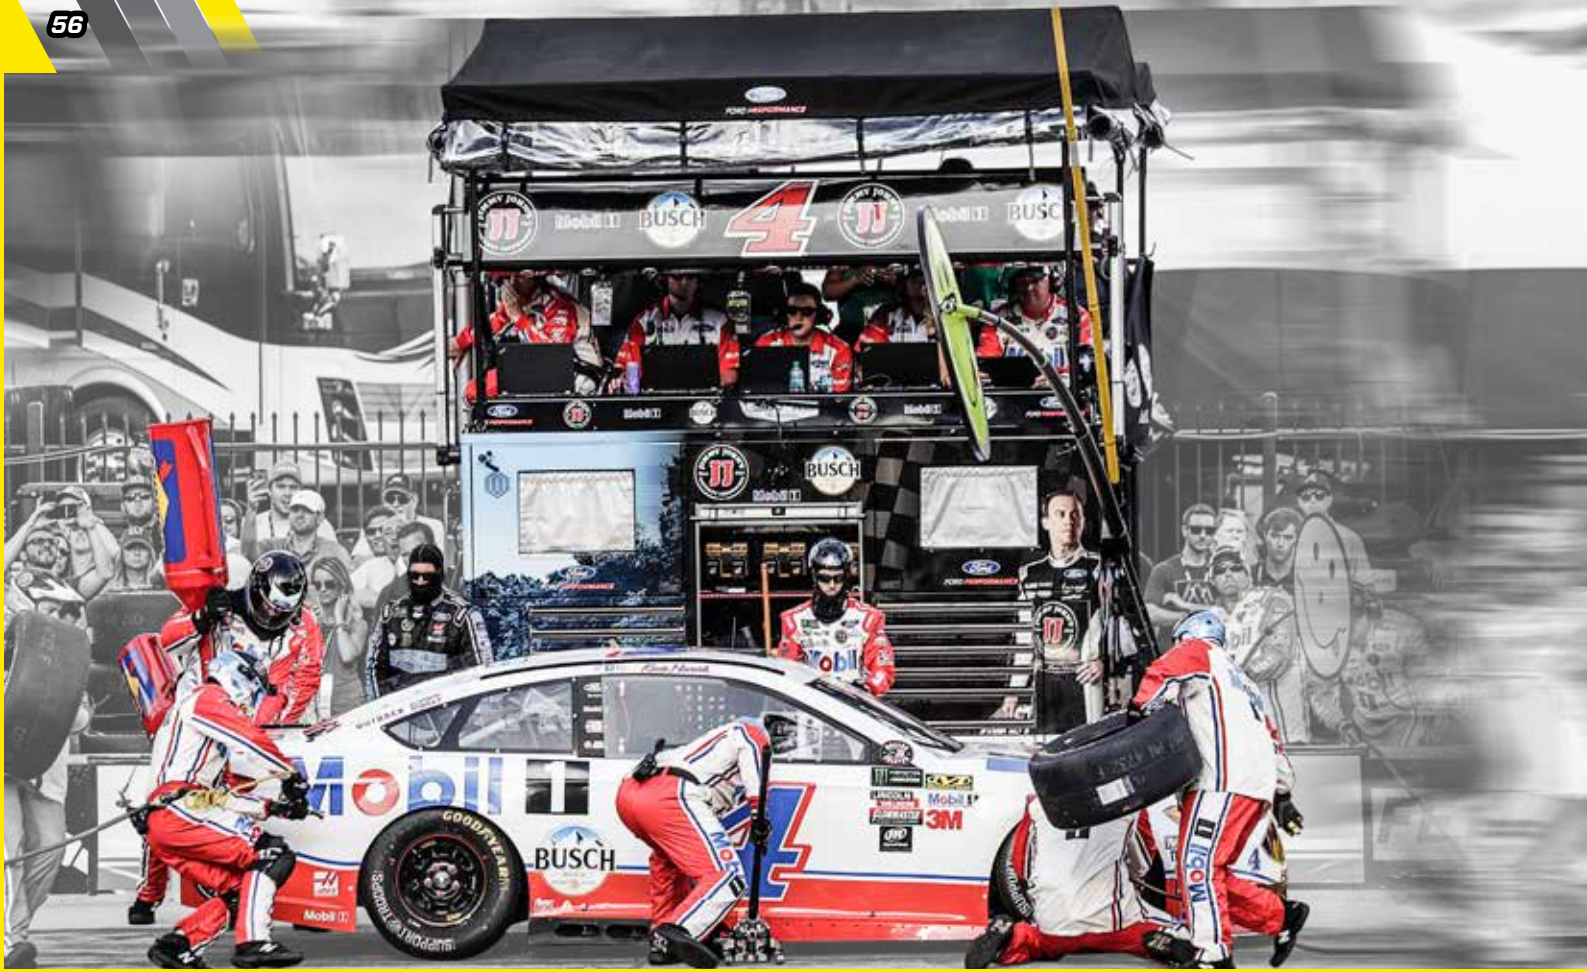

Twin Platforms offer a great collaborative deck area for 2 car teams. BMW USA has a beautiful pit lane presence.

**THE ONLY 120" TRANSPORTABLE OBSERVATION CART WITH A REAR DECK THAT FITS IN THE AISLE OF YOUR TRAILER!**

WeatherTech and Scuderia Corsa demand a professional pit row, in appearance, as well as function, which is why they choose CTech as their storage solution!

*The possibilities*

**2019 NASCAR XFINITY - CTech Manufacturing 180 @ Road America**

The CTech car took the pole and led most of the race!  
Team Kaulig Racing and driver AJ Allmendinger did a great job.

**CARTS**

*are endless...*

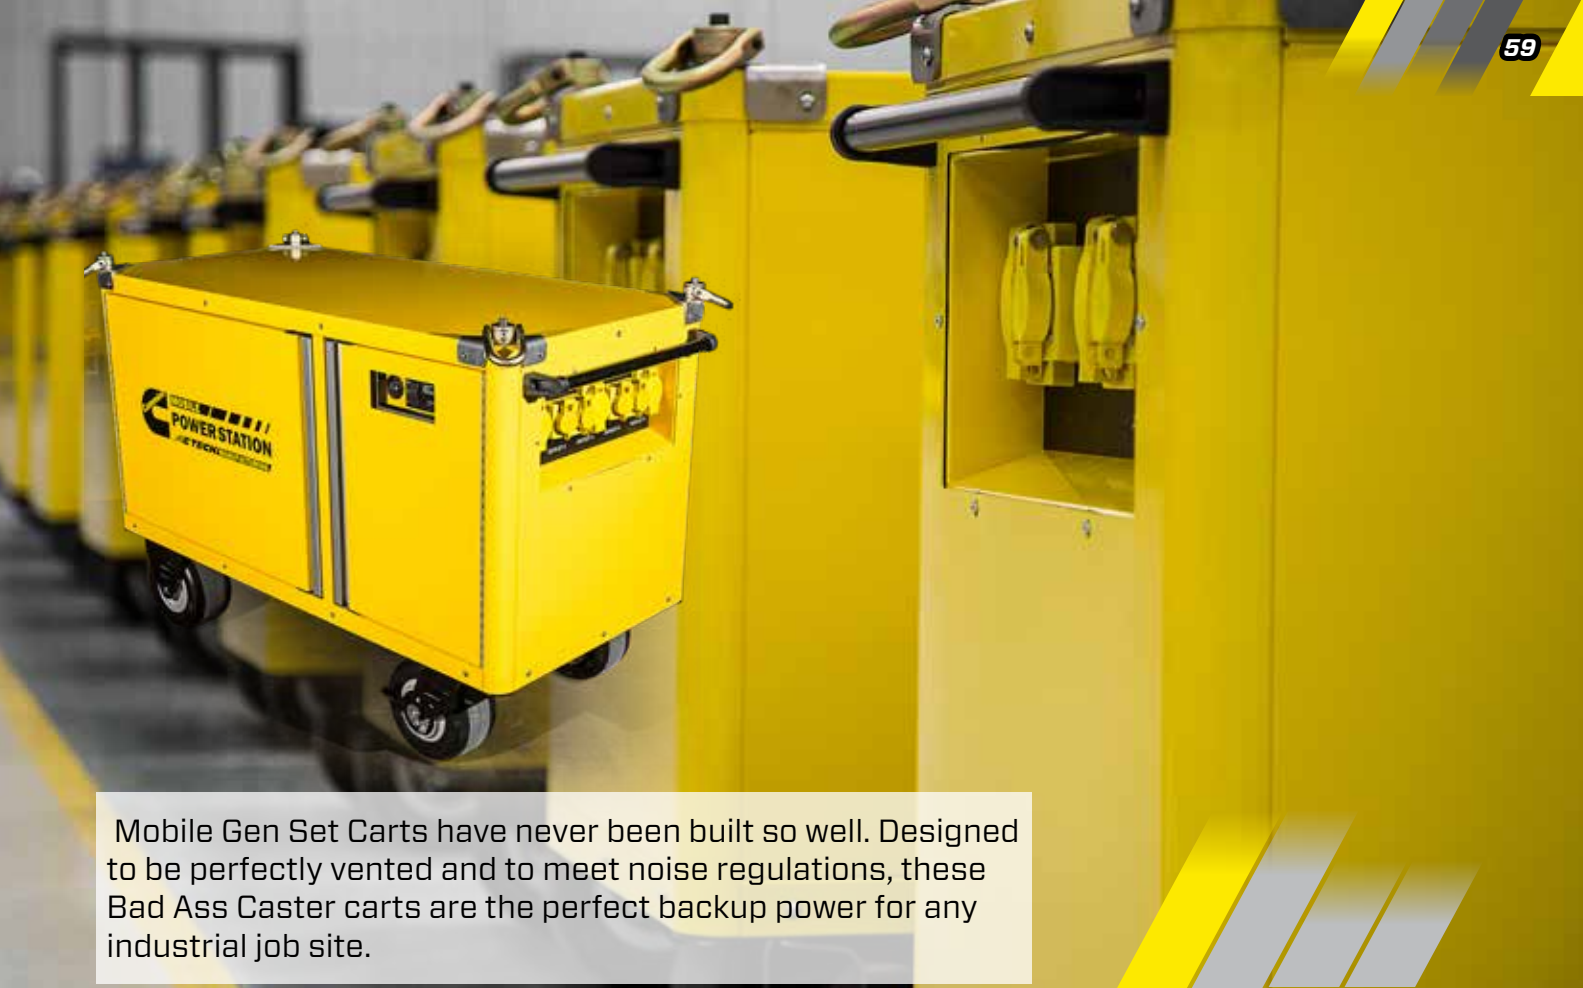

Digital communication carts designed for sideline communication for a National Sporting League. Built on a Mini Cart and Bad Ass Caster Cart chassis.

# INDUSTRIAL CARTS

Mobile workstations built on the Hot Rod chassis. These carts are designed to the customer's specifications for storage with electrical pre-wired and MotionLatch™ adjustable shelves.

Mobile Gen Set Carts have never been built so well. Designed to be perfectly vented and to meet noise regulations, these Bad Ass Caster carts are the perfect backup power for any industrial job site.

Outfitting a lab with workstations similar to these at North Central Technical College provide the mobility of a cart and the work area of a counter. These also add extra storage space for an organized and efficient environment.

# **CTech Manufacturing Policies and Procedures**

**Terms** - Standard terms for approved accounts are Net 30-days. Non-compliance to the terms may result in a late fee of up to 2% per month.

**Cancellation and Change Policy** - Orders canceled more than 24 hours from time of receipt are subject to a cancellation fee of up to 20%. Cancellation or changes must come in writing (not verbal) and be confirmed within 24 hours of the original purchase order being issued to avoid any potential change or cancellation fees.

**Return Policy** - Custom built products are non-returnable. Standard products are subject to a return fee of up to 20% plus the cost of freight to return the product. Products must have been purchased within the past 12 months. All returned products must be in like new, sale-able condition. Any returned products **MUST** have a Return Goods Authorization approved before returning. Any returns without a pre-approved RGA will be rejected and returned to sender.

**Warranty Policy** - CTech Manufacturing offers a limited lifetime warranty\* against any manufacturing defects in material or workmanship so long as the original purchaser retains ownership, possession, and control of the product.

\* **Note** - Slides are a purchased product and are warranted for one year from date of original invoice. Slides are passed through to the original manufacturer for inspection and processing.

**50%**

**WEIGHT SAVINGS**
